## Nordic WOOD HEATERS

Wise Living is proud to introduce to Australia the Nordic range of wood heaters in three sizes. Manufactured in Chile by one of the world's largest wood heating manufacturers to handle the tough Chilean climate, these woodheaters are an attractive, simple and efficient addition to any home.

# WISE LIVING Nordic WOOD HEATERS

The Nordic range of wood heaters has been tested in Australia to the exacting requirements of Australian Standards AS/NZS 4012:1999, AS/NZS 4013:1999 & AS/NZS 2918:2001 and achieved results beyond expectations. Available in three sizes, there is a size to suit most applications.

**Nordic 360**

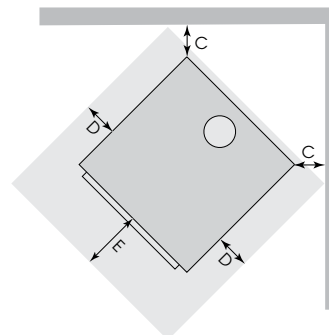

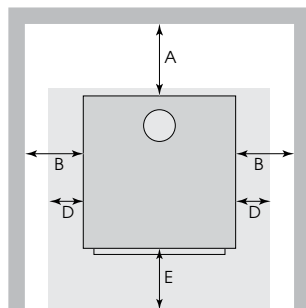

**Nordic 380**

**Nordic 450**

The innovative firebox design of the Nordic range of wood heaters ensures an efficient, clean burn which delivers maximum heat outputs with minimum wood usage

1. Primary air inlet
2. Secondary air inlet
3. Pilot flame inlet
4. Secondary combustion is produced here higher than 600°
5. Ceramic glass supports a thermal shock up to 800°
6. Removable ash tray to prevent ashes from falling to the floor
7. Wood storage tray.

<b>Minimum clearances to combustible materials</b>	<b>A</b>	<b>B</b>	<b>C</b>	<b>D</b>	<b>E</b>
Nordic 360 (with decorative mesh flue kit)	210	340	180	192	300
Nordic 380 (with decorative mesh flue kit)	130	320	165	166	300
Nordic 450 (with decorative mesh flue kit)	150	355	190	233	300
Nordic 450 (with wiseliving decorative mesh flue kit)	100	355	190	233	300

**Minimum hearth requirement for heat sensitive floor is 6mm compressed cement sheet**
